

Providence to Provincetown Bikeway

The Providence to Provincetown Bikeway is a vision to have a continuous network of bike paths and bike lanes connecting Providence, RI to Provincetown, MA. The bikeway would include the East Bay Bike Path in Rhode Island, the proposed South Coast Bikeway in Massachusetts and the Cape Cod bike paths. The route would serve as an alternate route to the East Coast Greenway as well. In Somerset, the bikeway would connect with the proposed Taunton River Trail that would run from Mt. Hope Bay up the Taunton River to Brockton.
